

- Polypropylene copolymere, ASTM D-4101
- Design: according to DIN19555/ EN13101
- Safe up to 6 KN pullout force.
- Available with any size.
- Electrical arc resistance up to 30 kV without leakage.
- St.37 Rebar Steel Dia. 12mm to DIN17100.
- High impact polymer coating.
- Load capacity: Min. 250 kg.
- Anti-slip surface
